

Fish Paper Plate Craft

Materials:

Paper plate

Scissors

Glue (or tape or a stapler)

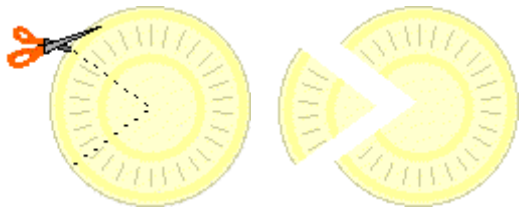

Googly eyes (optional)

Crayons, paint or markers

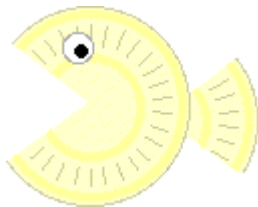

Thread

Instructions:

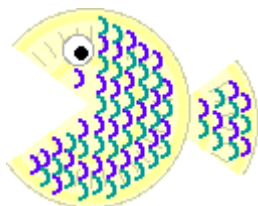

Cut a wedge out of a paper plate. The wedge will be the fish's tail; the hole will be the fish's mouth.

Glue (or use tape or a stapler) the tail to the end of the fish. Glue a googly eye on the fish (glue on two eyes if you want a flounder) or simply draw eye(s).

Color in the fish, drawing scales, lips, and so on.

Optional: Make a tiny fish (use the same instructions as above, but start with a tiny circle made from construction paper). Hang the tiny fish from the large fish's mouth using a short piece of thread.
